Surround Yourself with Elegance

Subtle elegance and superb craftsmanship surround you in the GMC Royale Motor Home. Every detail is designed to satisfy the most discriminating taste. Rich, solid walnut cabinets open and close at the touch of a finger. Exquisite matching walnut paneling lends the entire coach warmth and lasting beauty. Woven wood shades of mahogany and richly colored yarns can be raised for complete openness, lowered for plush privacy. When lowered they follow the contour of the coach, perfectly sleek. Soft look upholstery features high density foam covered with top quality matelasse upholstery fabric, beautiful yet easy to care for. Short shag carpeting is long-wearing, easy-to-clean nylon. Masterfully planned bath, kitchen and sleeping arrangements complete this luxurious interior, custom designed and crafted by Coachmen Industries. It's the ultimate in leisure living.

ROYALE REAR BATH

Luxurious rear bath offers a separate tub with telephone shower head on flexible hose, lavatory, gold marine-type toilet, chest of drawers and double cedar-lined wardrobe with light.

The Royale rear bath features a delightful double couch area. Soft look upholstery of top quality matelasse fabric covers high density foam cushions.

Plush and roomy driver's compartment can be totally separated from the living area with foam-backed draperies. Overhead cabinets have spring-loaded door lifts for complete convenience.

ROYALE SIDE BATH

Rich, solid walnut cabinetry opens and closes at a touch with no protruding hardware. Custom kitchens offer ample counter top area, double stainless steel sink with covers, six cubic foot three-way refrigerator and built-in four burner range with oven, smoked glass door and stove cover.

Driver and passenger seats are designed for top comfort and come with head and arm rest covers. Short shag carpeting, woven wood shades, and walnut paneling provide interiors that are easy to care for, beautiful to see.

Roomy dinette has raised seating for the best in comfort and viewing pleasure. Dinette seating converts easily to a comfortable double bed.

The cozy rear bedroom of the Royale side bath model features a panoramic view and the comfort of twin beds with high density foam mattresses.
